

# SYE Fund

The Synod Youth Executive have developed a fund to support individuals or groups undertaking a 'mission based project'.

Applicants should consider whether their application would meet the following criteria:

- Projects should be mission based
- Feedback in report format during/or following the project.

In some circumstances a presentation might be requested, if appropriate.

- Projects should be evaluated and the impact demonstrated and evidenced.

Each application will be assessed individually by the SYE. If grants are awarded, they will be up to a maximum value of £200 but will not exceed a third of the total project cost.

Applications should be submitted in writing to the SYE Treasurer outlining the project, including it's mission base, and forecast budget.

(email address available on the website)
